NEWS LETTER

SCAM PREVENTION

Scammers can fake caller ID to make it look like Citizens State Bank, or other known businesses are calling. They might say there's a problem with your account and pressure you to share personal information.

If that happens, hang up and call us back using our trusted number: 218-463-2135. Remember, we'll never ask for personal details over the phone unless you made the call.

Trust your gut. If something feels off, it probably is. Spoofing is sneaky, but staying alert keeps you one step ahead.
